John Maddy, who left his home at Pilot Knob, five years ago, is urged to come home right away. Your mother is awful sick.

Rosa Maddy, Chloride, Mo.

Born—Thursday, September 20, 1917, to Mr. and Mrs. Fred Fisher of Arcadia, two sons. The mother is doing nicely, and the father survives. The Registrar congratulates them.

It is said that the Ford Company in making new contracts this year gave their agents to understand that in case of good behavior there would be no changes made in agencies in the future. In other words a life-time contract, if desired.

Mr. Geo. W. Register has moved to the residence on Shepherd street for many years occupied by Miss Celia Martin. Miss Martin and brother are now domiciled in the home they recently purchased from Mrs. Leff.

Some of our friends on Marble Creek, we are told, sent a delegation to the Wayne County Court at Greenville last Saturday to enter their protest along with the east side people in Wayne county against the location of the State Highway Commission. The Marble Creek people very naturally would like to see the road come their way and Greenville folk want it to come through their part of the country and not down the Iron Mountain railroad.

Mrs. S. W. Andrews, who had the misfortune to fall down stairs at her home in Russellville one night last week, although painfully injured, we are glad to learn is getting along very nicely and will suffer no permanent affliction.

A card from R. J. Hill asks us to change the address of his paper from Sullivan, Mo., to De Soto, Mo. Our old friend is gradually working his way back to Iron county and we feel certain will be one of us again before so very long.

Prof. R. E. Marshall, principal of the Graniteville school, was in to see us Saturday and reports the Graniteville school in a most satisfactory condition this year. Prof. Marshall has been drafted and rather expects to be "called to the colors" in the next week or two.

A. M. Madigan and Schofield arrived last Wednesday after a sojourn of two months or more in Colorado, California and other places in the far west. Mike says California is grand but he's glad to get back to Missouri, all the same. Mrs. Madigan and Eugene will return in a couple of weeks.

From Sunday's St. Louis Post-Dispatch: "Mrs. Robert D. Lewis and her daughter, Miss Roberta Lewis, of Westmoreland place, returned last Sunday from New York, where they went to meet Virgil Lewis on his return from France. Miss Lewis will depart soon for another short visit to New York."

Last Thursday afternoon Jos. H. Haven was obstructing the pavement, near the Lopez store, with his rig. Deputy Sheriff Blue happened along and told him to get off; Haven refused to go and the official broke a jug of whiskey over his head. Haven will answer to a charge of disturbing the peace in circuit court next month.

Roy Brooks of Graniteville drove up and down Main street in Ironton Saturday at great speed. When he visited town next day Marshal Fisher took him in charge. Brooks pleaded guilty to speeding and the Mayor assessed a fine of \$5 and costs, which Brooks paid and went on his way. Speeding must be stopped on our streets.

Hon. Arthur T. Brewster of Ironton was here the latter part of last week meeting his many friends. He attended the annual session of the Jefferson County Bar Association at Hillsboro, Saturday night. Mr. Brewster is prominently mentioned in connection with next year's congressional race, and is looked upon as the logical man and one who would carry his full party vote and draw many from the "other side."

He was raised in Jefferson county and elected to office when the county returned a Republican majority, and his record is a splendid one; he is well known in Reynolds, Wayne, Bollinger and Carter, where he has aided materially in developing these counties; his present home is in Iron, and he has a "speaking acquaintance" with hundreds in St. Francois, Madison and Washington. Arthur is what is termed a "good mixer," makes friends easily, and if he cooes after the congressional nomination next year we don't know of a man who can "beat him to it."—De Soto Press.

Flat River seems to be getting tired of the soldiers. In telling of a recent escape in which some of the "boys in blue" recently participated, last week's Lead Belt News says: "Martin Lattimer of Elvins and Miss Flossie Clay of Frankfort were both shot, but what is almost a miracle were not seriously injured, by a party of soldiers who are alleged to have been drunk, about ten o'clock last Thursday night. The shooting occurred on the road near the Owl Creek bridge between Leadwood and Desloge. Young Lattimer and Miss Clay had been to the picture show at Bonnet Terre and were riding in a car which Mr. Lattimer had hired at Elvins. Emmett Smith was the chauffeur, but Lattimer was driving and Miss Clay was sitting with him. They overhauled a car in which were several soldiers. They honked for the road so that they could pass. Instead of giving them the road one of these brave (?) soldiers fired directly at them with a revolver. The bullet went crashing through the windshield of the Lattimer car, wounded Lattimer in the right wrist and spent its force against Miss Clay's left breast. She screamed that she was shot. The car was immediately turned and driven back to Dr. Turley's office at Desloge. As Miss Clay got out of the car the bullet, which was flattened out to about the size of a quarter, dropped from her clothing. The bullet had gone through her coat, but by the time it hit her it was spent to the extent that it just bruised the skin on her left breast. Mr. Lattimer did not discover that he

was shot until after he arrived at the drug store. A portion of the bone on the joint of his wrist was shot away. Miss Clay was badly frightened and shocked, but her injuries were not as serious as Lattimer's. After having their wounds dressed they reported the affair to the officers at the St. Francois military headquarters. Lieut. Munday, with a squad of soldiers, made an investigation. They went to Leadwood, located the men responsible for the shooting and placed them under arrest. We have not learned what disposition has or will be of the cases. It is quite likely the guilty men will be given a term in some federal prison. This shooting marks the climax of a series of disorders now stationed here. Most of these young men, most of whom are from Kansas City, apparently know nothing of discipline and care less. Their depredations run from common drunkenness, disturbance of the peace, to robbery, and it is no fault of theirs that this latest escapade did not result in actual murder. Some of them seem to have no respect for the honor of their regiment and are a disgrace to the uniform they wear. If their officers cannot control them they ought, in justice to the uniform they wear and the cause they represent, acknowledge the fact and ask for their recall. These men, as many of them are conducting themselves at present, instead of being guardians of the peace, are a positive menace to the community and their conduct ought to be brought to the attention of the War Department by the county authorities. If the county authorities do not do this they will be negligent in their duty. The citizenship of the county should insist that the county authorities take immediate action in this matter."

I saw more heart-broken mothers and gray-headed fathers, also brothers and sisters, last week, than I saw through the whole civil war. I was at Benton; more than 400 drafted men departed from Southeast Missouri last week. I was also at Farmington when the St. Francois county boys left. More than 5,000 people assembled to see them depart, perhaps never to see them again. Such is war! I was at Bismarck when the Wayne county boys passed through. They were quite a jolly set, although you could see some sad faces. I want to say this, boys. I served four years under Lee and Jackson, one year in field artillery and three years in the Fifth Virginia Cavalry. I know what the hardship of war is. You will never have to suffer from hunger or from lack of clothes to keep you warm. Uncle Sam is amply able to take care of you in this respect. I want to give you a little advice. Try to preserve a cheerful and contented spirit, and encourage it in others. Bear hardships, without grumbling, and always try to do more, rather than less, than your duty. You will have occasion to be patient much oftener than brave. The duty of a soldier is unquestioned obedience, but, beyond this, I hope you will cultivate a kind, respectful and considerate temper toward your officers. I hope you are going with a love for your country and your cause, and with a determination to be faithful to every duty you have undertaken. And now, my dear boys, I commend you to God and to the power of His grace! May God bless and keep you! Think of your Heavenly Father in health and in sickness, in joy and in sorrow; go to Him for strength and guidance, and may you come back to us in safety and honor!

Quite a delegation of ladies from the Des Arc W. C. T. U. attend the County Institute held at Bellevue Saturday. The following ladies, Mrs. R. H. Stevenson, county president, Mrs. W. E. McKee, Mrs. Dr. N. A. Farr, Mrs. Ervin Davis, Mrs. John Reed and Mrs. Fred Farr represented this union. They report a very interesting meeting and found the Bellevue people very hospitable. They served dinner on the lawn at the M. E. church and the ladies were highly entertained.

H. G. Harrison and family spent Sunday with relatives in Piedmont.

Wood Kenethley and family from St. Louis spent the week here with his parents.

Mike Kelley and James Dashney have returned home from Camp Funston, Kansas, having failed to pass the physical examination.

Mr. and Mrs. Fayette Miller spent Sunday here with their daughter, Mrs. Elmer Lovelace.

Misses Nava Lane and Ora Lovelace went to Sabula Saturday, where the latter preached Sunday.

Mrs. John Reed and daughter, Miss Jewel, were visitors at Coldwater last week.

Misses Eunice Morris and Lola Howard spent Sunday with their parents.

Mrs. R. H. Stevenson and daughter, Bess, returned home Thursday on a visit to her son, Frank, in Alton, Ill.

Her son, Herbert, who accompanied her, will remain in Alton, where he has a position. While there Mrs. Stevenson tells us she went to hear Rev. O. S. Taylor, who is pastor of the First Baptist church, preach. He is well pleased with his church, and they have begun work on a new parsonage, which he will occupy. It will be steam-heated and lighted with electricity, with bath and all the modern conveniences. He still preaches with the power, and his congregations are always large, and they are well pleased with his work. The church is in a prosperous condition. We are glad to hear of his good work. He has many friends in Des Arc and we hope to have him with us soon in a meeting at this place.

Rev. A. L. Darter preached his last sermon here Monday night before leaving for Fredericktown to attend Conference. He will not return here next year, having been transferred to North Missouri. We wish him well when he reaches his new field. He is a good preacher and has many warm friends here. We hope a good man may be sent here and that the church may prosper.

Rev. V. E. Patterson will be here next Sunday and he will be assisted by other ministers who will hold an ordination service at the Baptist church.

Annapolis News.

Having some nice weather at present, but hoping for rain soon.

A. Reese and J. S. Mann put in good time the past week fox hunting. Have killed two foxes.

Several traveling fortune tellers in town the past week. One old lady told the Squire she was 210 years old. She appeared to be about 75.

Robert Fancher went to Ironton Friday "to go to war."

James L. Castle will move to Flat River in the near future. His son, Thomas C., will occupy the home here.

Several tie hackers and their families got off the train here last Friday on their way out to the Walsh Tie & Lumber Company camp, on White Hollow, east of Crane Pond and south of Marble Creek, where there are ten thousand acres of timber to be worked into ties and lumber. They are paying for the making of ties at the stump. They were doing a lot of felling and all felt their booze except the women and children. They came from Versailles, Mo., about forty miles north of St. Louis, but say the timber there was so poor they could not make a living hacking ties.

D. A. Worley went to Flat River nine days ago and has not been heard from since. It may be that he has gone to work up there as he had an offer of a job there at \$150 a month, shoeing mules underground. Sam Moore is filling his place in the shop here.

Mrs. Jackson, wife of John Jackson, who lives on the east of Annapolis, came very near being killed last Thursday by Mr. Jackson's team running away with a load of hay. She was trying to get her children out of

the way of the runaway team; they ran into her, with her babe in her arms, knocked her down, and both wheels passed over her back, near the hips, and broke two ribs. She threw the baby as she fell and it escaped injury. At present Mrs. Jackson is doing nicely and will soon be able to be out again.

Our train service is very unsatisfactory these days. If you go to Ironton, or any other place north, you have to stay all night unless you can catch the local freight home, and that is always uncertain. BULLETIN.

Iron County W. C. T. U. Convention.

The second annual convention of the Iron County Woman's Christian Temperance Union convened at the Bellevue Methodist church, September 22d, 1917, Mrs. Della Stevenson, county president, presiding.

The morning devotionals was conducted by Mrs. Edna Reed of Des Arc. Roll call by county secretary.

It was moved and seconded that Miss Shaner be made a member of the convention.

The following committees were appointed: Press—Mrs. Annie Bynum; Courtesy—Mrs. Charlotte Campbell; Auditing—Mrs. F. F. Farr and Mrs. Lena Stewart; Credentials—Mrs. F. F. Farr; Executive—Miss Bell Sickle and Mrs. McKee.

The report from county officers were next in order.

County president, Mrs. Della Stevenson, had a most excellent report. It certainly is wonderful how much that dear little woman can crowd into her busy life. The Convention gave her a rising vote of thanks, also the white ribbon salute.

Mrs. Stevenson, local president of Des Arc Union, gave a splendid report of what that Union is accomplishing. Des Arc is wide awake to her opportunities and is working several different departments, among them, work for the sailors and soldiers. We are ready, at all times, to take off our hats to the Des Arc Union.

Our own faithful local president, dear Miss Sickle, had a splendid report of Bellevue Union which showed our women are beginning to realize what it means to be a white ribboner. Bellevue Union is unique in possessing the only Loyal Temperance Legion in the county.

Round table talk on department work by Miss Shaner.

Adjournment for dinner.

Afternoon session called to order by Mrs. Stevenson.

Devotional conducted by Mrs. Annie Bynum.

Report on Credentials, Mrs. McKee. Resolutions by Chairman of Resolution Committee, Mrs. Emma Townsend.

The county officers were all re-elected:

President, Mrs. Della Stevenson; vice-president, Mrs. Lucretia Henry; corresponding and recording secretary, Mrs. Annie Bynum; treasurer, Mrs. Mildred Graves.

Tellers for the Convention were Misses Hallie and Irene Townsend, Misses Gladys and Nora Bell.

Miss Lizzie Russell read a splendid paper on Y. P. B. & L. T. L. work.

The following pledges were taken: Des Arc Union, \$5.00 to county and \$5.00 to state; Bellevue Union, \$5.00 to county and \$5.00 to state. Individual pledges amounted to \$20.00.

Evening address by Miss Roena Shaner was a strong and forceful appeal for all that the Woman's Christian Temperance Union stands for. The evening offering amounted to \$12.75.

Five new names were added to Bellevue Local Union and were as follows: Mrs. A. C. Townsend, Mrs. Lavenia Winfree, Mrs. Nannie Stevens, Misses Milda Stuart and Grace McCall.

We thank all the good people of Bellevue for helping to make this Convention a success.

MRS. ANNIE BYNUM,
Cor. and Rec. Secretary.

Bellevue News.

Our Valley was visited by a fine rain last week. It was badly needed, as the wheat ground was becoming very hard and dry.

Our farmers are cutting corn and plowing for wheat. Not in many years have there been such vast crops raised in this section. Such an abundance of everything!

Mr. and Mrs. J. C. Middleton and little granddaughter, of Irondale, are visiting friends and relatives.

Robt. Paulus of Greenville spent a few days here the first of the week.

Mr. and Mrs. B. P. Burnham and children visited her parents, Mr. and Mrs. Gentry Moyer, Saturday and Sunday.

Mr. and Mrs. H. L. Bell and daughter, Miss Gladys, of Ironton attended the W. C. T. U. Convention here Saturday.

Messrs. Hugh, Matthew and Levi Peckham, of Richland, Wisconsin, spent last week with their sister, Mrs. Caroline Smith, one mile south of town.

Dr. G. W. Farrar spent last week with his family in Ironton.

The Iron County W. C. T. U. Convention was held in our little town on last Saturday with remarkable good success. The morning and afternoon sessions were well attended. A sumptuous basket dinner on the lawn was also attended and equally enjoyed. The lecture, in the evening, by Miss Roena Shaner, State Vice-President, as well as National Lecturer and Organizer, was a rare treat indeed. Those attending from out of town were: Mrs. H. L. Bell and daughter, of Ironton; Mrs. Della Stevenson, Mrs. Edna Reed, Mrs. McKee, Mrs. Davis, Mrs. F. F. Farr, Mrs. N. O. Farr, of Des Arc, and Miss Roena Shaner of Jackson. ALPHA.
